**PETITION OF THE MID-ATLANTIC RENEWABLE ENERGY COALITION
FOR LEAVE TO INTERVENE**

Pursuant to Rule 21 of the Commission's Rules of Practice, the Mid-Atlantic Renewable Energy Coalition ("MAREC") hereby petitions to intervene in the above-captioned matter. In support of the Petition, MAREC states:

2. MAREC is a nonprofit corporation, which was formed to help enhance the opportunities for renewable energy development primarily in the region where the Regional Transmission Organization, PJM Interconnection, LLC ("PJM"), operates. MAREC's footprint includes Delaware, Maryland, New Jersey, Pennsylvania, Virginia, Ohio, West Virginia, North Carolina, and the District of Columbia. MAREC's membership consists of wind developers, wind turbine manufacturers, service companies, nonprofit organizations and a transmission company dedicated to the growth of renewable energy technologies to improve our environment, boost economic development in the region and diversify our electric generation

portfolio, thereby enhancing energy security. The primary areas of focus of MAREC are to work with state regulators to develop rules and supportive policies for renewable energy; provide education and expertise on the environmental sustainability of wind energy; and offer technical expertise and advice on integrating variable wind energy resources into the electric grid. MAREC members have developed a number of wind energy projects in the region. Many of the wind turbines that have been installed regionally have been manufactured by MAREC members.

3. MAREC has a substantial interest in this matter that is not adequately represented by other parties in the proceeding. MAREC members are committed to significant growth in renewable energy technologies to support economic development in the region and helping to meet the aggressive legislative mandate for renewable energy through Delaware's renewable portfolio standard. MAREC is in the position of providing its experienced position on Delmarva Power's long-term planning as it relates to renewables. The interests of MAREC's members may not be fully developed if MAREC is not permitted leave to intervene.

4. Petitioner's members are affected by the issues raised on this proceeding and may be affected by issues raised by other parties in the proceeding.
